Hello Lionel,

Thank you and others for agreeing to meet with me on 11/29/16 to discuss the village water systems. I thought our meeting informative and productive. As I noted in our meeting, our primary concern is to address the poor water quality issues at Mishongovi, Sipaulovi, Shungopavi and Polacca. Arsenic contamination is a high priority for Region 9's Enforcement Division and this is an issue we are evaluating at both state-regulated and tribal systems across the Region. We hope that we can work with the Hopi Tribe to bring the four village water systems into compliance.

If you have any questions or concerns, please let me know. Thank you.
